Survey: How do you find new nets?

We're researching how the Ham Radio community discovers nets. All information is anonymous.
Amateur Radio Weekly

HF & VHF Ocean Radars - 26 MHz to 43 MHz

Ocean radars measure ocean currents by emitting radio waves from shore-based transmitting antennas.
EI7GL

Decoding the Artemis I Orion vehicle

Seven hours after launch, I used two spare antennas from the Allen Telescope Array to record RF signals from Orion and some of the cubesats.
